

# VERTICAL CONVEYOR TECHNOLOGY CONSOLE LIFTER KH1

EFFICIENT, SILENT  
AND UNSTOPPABLE.

## Unlimited Flexibility

The flexible segment design enables seamless integration, allowing various load handling attachments to ensure optimum adaptability.

## Low Maintenance

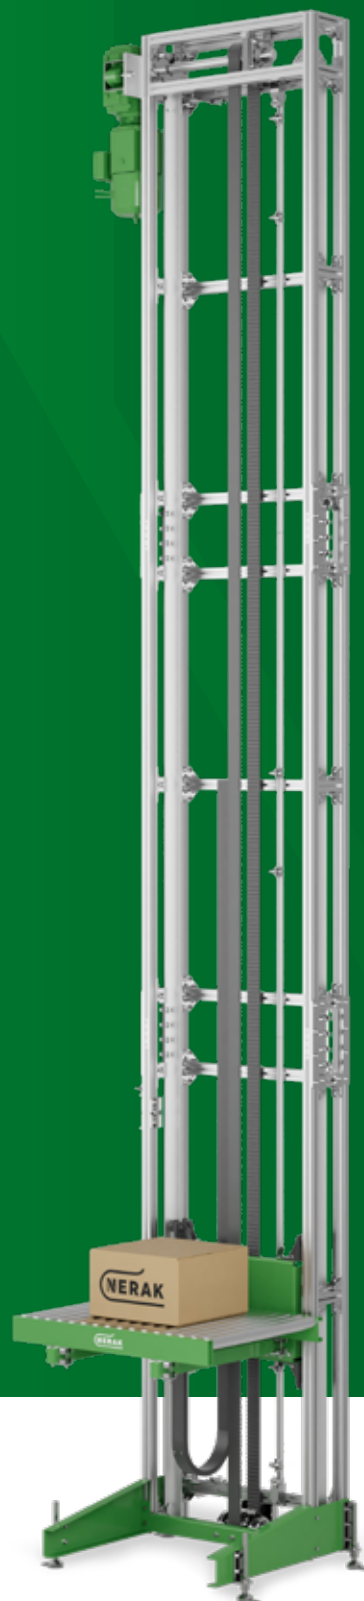

The KH1 is a low-maintenance, discontinuous vertical conveyor designed for efficient goods transport.

## Throughput-Optimized Drive System

With a lifting speed of up to 3 m/s, the KH1 guarantees high-performance of vertical conveying.

# VERTICAL CONVEYOR TECHNOLOGY CONSOLE LIFTER KH1 DESIGNED FOR FLEXIBILITY.

## AMR Transport Platform

The KH1 can be equipped with AMR transport platforms, ensuring seamless automation within the conveying process.

## Belt Conveyor

For safe and flexible vertical transport, the KH1 integrates with belt conveyors, enabling smooth transfers between different levels.

## Roller Conveyor

Combine the KH1 with a roller conveyor to enhance material flow and optimize transport efficiency.

## Seamless Integration with the AMR Transport Platform
