

CASE STUDY

VERTICAL CONVEYOR TECHNOLOGY CONSOLE LIFTER KH1

SAFETY CONCEPT EXAMPLE

Flexible safeguarding

The KH1 is supplied without protective guarding, allowing the safety solution to be tailored to the specific system and installation conditions.

Possible solutions

Depending on the application, safeguarding can be implemented using light curtains, photoelectric sensors, safety fences or other safety solutions.

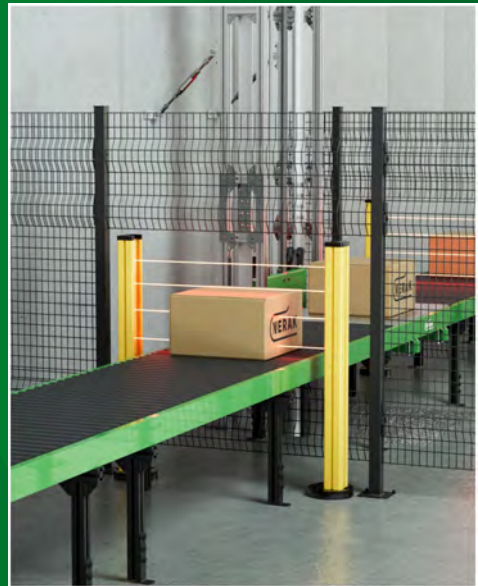

It's a NERAK.
The Original since 1987.

SAFETY FENCE & PHOTOELECTRIC SENSORS

POSSIBLE SAFETY CONCEPT FOR THE KH1

The combination of a safety fence and photoelectric sensors shown here, illustrates one possible safety concept for the KH1.

This safety concept is provided as an example only and is not included in the scope of supply.
